

U2RP - INNOVATIVE SOLUTION FOR THE SAFE INSTALLATION OF FLUSH MOUNTED PRODUCTS

- Easy installation for sub-distribution or control cabinets
- For 1 or 2 devices of the series 61, 62 and 62-IP
- Quick fastening using adhesive pads or cable ties

Easy installation of flush-mounted actuators

The universal locking plate U2RP is the optimal choice for the easy and safe installation of up to two devices from the series 61, 62 and 64 on mounting rails in accordance with DIN-EN 60715 TH35.

With pre-assembled adhesive pads and the option for additional fastening using cable ties, the U2RP offers a flexible and robust solution for this application

Designation:

U2RP

ELTAKO article no.:

30000018

6,00 €/pc.

DIN-rail not included in the scope of supply.
